

NUC6CAYS - Quad-Core Celeron Tall Chassis

Who said small isn't powerful?

The Simply NUC6CAYS delivers cost-efficient Intel-level performance, perfect for basic 4K digital signage or as a desktop replacement. This tiny but mighty NUC can be used to drive digital signs that showcase menus or display corporate information, or for productivity apps that help get business done. Primarily for single application usage such as web browsing, digital signage, KIOSK, the 6th Generation Intel® Celeron® processor can even run Office applications.

This unit includes 2GB memory and 32GB storage, and has a 2.5in drive bay supporting a SATA drive up to 2TB of HDD, 2TB of SSHD, or 4TB of SSD.

The Intel® HD Graphics supports up to 4K display capabilities at 60Hz and a second monitor can be supported on the VGA port at resolutions up to 2048 x 1536 and 24-bit color

All of this in a small 4" x 4" x 2" sized package which can mount behind your monitor or be unobtrusively located in plain sight due to its small size. And the active cooling system adjusts as needed to provide quiet during light loads where it isn't needed as much, and barely audible cooling when more is needed

New features let you use Windows® 10 to its full potential

The Simply NUC6CAYS has some cool new features including dual-array front microphones so you can take advantage of Cortana's capabilities if you include Windows® 10 with no additional hardware needed. There's also a front power button and a multi-color LED ring so you can personalize the NUC with the look you want, along with 7.1 surround sound via the HDMI port to deeply immerse you in your content. You can also listen with headphones via the front microphone/audio jack. The choice is yours.

Cut the cords, not the Performance

The Simply NUC6CAYS comes with Intel® 802.11ac wireless, for connectivity right out-of-the-box. This makes it simple to immediately access files in the cloud, and with built-in Bluetooth 4.2, you can connect wireless peripherals like headsets and keyboards.

Highlighted features

- 6th Gen Intel® Quad-Core Celeron
- Intel® HD Graphics 500
- 2GB DDR3L-1600 (8GB Max)
- 32GB eMMC storage
- SDXC card slot (UHS-1)
- HDMI 2.0 supporting 4K @ 60Hz
- VGA port supporting 2048x1536
- Intel® Gigabit LAN
- Intel® Dual Band Wireless
- Intel® Bluetooth 4.2
- Four USB 3.0 Ports. One w/Charging
- Digital Audio 7.1 Surround Sound
- HD Audio over 3.5mm Headset Jack
- Speaker/TOSLink Optical Jack
- Internal Dual-Band Antennas
- Front panel power button
- Kensington lock support
- 19V DC Jack (12-19v operation)
- VESA Mount Kit

Customization

- Two DDR3L-1600 SO-DIMM Sockets
- Internal 2.5 inch SATA Bay
- Supports functional and colored Lids
- Multi-color front panel LED ring
- Two internal USB 2.0 headers
- Consumer Electronics Control (CEC) internal header

Simply NUC Services

You can order this NUC in your various configurations, as well as your corporate OS Image loaded and ready to deploy.
